Annual Selfie/Self Portrait Contest 2021

“ Enhance your Dreams through Art ”

The Most Original Works of Art will be honored with the *American Art Academy Award.*

An International Jury will announce the winners in **December 2021**

Member: Association Internationale des Arts Plastique - UNESCO, Since 1998.

Entry Deadline: 11/30/2021

You all can win great Art and Music Books, Gift Cards and a scholarship to visit a Museum of Fine Arts in your own Country.

Dear Friends of the Arts you are invited to create your own Selfie or Self portrait 2 or 3 D. This can be done individual or shared working with a partner or in groups. This colorful contest is open for all differently-abled art students in the USA and the rest of the World.

Your appeal here is the challenge of painting, collaging, sculpting and creating your physical appearance and something of the intangible " real you " under the surface. We encourage to use aspects of social interaction, body language, self-awareness, and humor.

In this contest we allow you the freedom to choose and express how to see yourself – beyond the conventions of traditional portraiture.

We interact creating, collaging, painting lines, colors and shaping to express our feelings. This can be done in combination with poetry, music and ready made 3D sculptures or objects.

The most important thing to remember is that there are no rules in this contest for what your selfie or self-portrait should look like or how it should be made.

Good luck, don't worry be creative!

Submission Free Entry Form

Full Name (Student, Organization, Caregiver): _____

Phone: _____ Email: _____

Address: _____ Number of Pieces entered: _____
